Imported cabinets in the kitchen offer lots of storage and counter space and make the room bright and cheery. The 6-burner Jenn Air stove and two ovens make entertaining a breeze.

Your guests may never leave this private upstairs bedroom, which features a large walk-in closet and its own balcony.

All four bedrooms are spacious and have soaring, tongue and groove ceilings.

The Master Retreat

The luxurious master bedroom on the first level features a private patio that leads to the tranquil backyard and redwood deck. The spacious bedroom is bathed in sunshine and warmed by the soaring tongue and groove ceilings.

Master Bath

The romantic master bath includes a soaking tub and European-style cabinets with double sinks.

Serenity and Privacy on Approximately 1.23 Terraced Acres

Enjoy breathtaking sunsets and valley views from the heated pool and waterfall spa or relax on the two-tiered redwood deck. This deck has been recently rebuilt and stained and surrounds a wonderful 150 year old oak tree. The property features a parklike backyard and a choice of gathering areas for outdoor entertaining.

The attractive exterior includes a circular driveway, concrete tile roof, brick and stone exterior and mature landscaping.

The heated pool and waterfall spa were added within the last four years and are situated on a private patio that offers magnificent valley views.
